PROJECTS

Timed Quiz Game | https://github.com/Rockoban420/timed_quiz_game |
https://rockoban420.github.io/timed_quiz_game/
Summary: Simple timed quiz game with high scores saved in local storage
Role: Sole author
Tools: JS, HTML, CSS

Portfolio Website | https://github.com/Rockoban420/portfolio_lau |
https://rockoban420.github.io/portfolio_lau/
Summary: Created my portfolio website from scratch using everything I know
Role: Sole author
Tools: HTML, CSS

Password Generator | https://github.com/Rockoban420/password_generator |
https://rockoban420.github.io/password_generator/
Summary: Made a simple password generator with choices of uppercase lowercase numeric and special characters to further understand Javascript
Role: Sole author
Tools: HTML, CSS, JS

EXPERIENCE

Sales Trainer/ Driver Trainer/ Inventory   **04/2022-Present**

Cannablue - Bay Area   **Oakland, CA**

Family delivery business. My role has been all encompassing, I've trained new employees for our driver and sales positions, managing our website cannablue.com on Dutchie mainly managing the promotions and maintenance, developed inventory cycle counts. I took on as many challenges as I could.

- Managed teams of up to 7 drivers through slack while also intaking orders over the phone and through our third party. All while checking customers ID for compliance.
- Trained 5 new employees and taught them everything they needed to do the driver and the sales jobs with intelligence and efficiency. They are all vital parts of our workforce.
- To understand all of our backend, Learned our POS Software Blaze, Managed our website provider Dutchie and updated POS integrations with our third party order service Weedmaps. With compliance and functionality close in mind.
- Performed inventory counts and reconciled items on our POS to reflect actual quantities to stay compliant.
- Wrote about 4 different SOPs for managerial level tasks including intaking new product on our POS, Auditing delivery driver's boxes, and lastly a Inventory cycle count SOP. Our current managers learned these tasks with these instructions.

Couceiro Ascensores (Elevators)

08/2019-12/2019

Metal Worker Apprentice   **Buenos Aires,**

Argentina

While assisting school, worked and assisted main elevator frame builder on all tasks including:

- Using CNC folding machines, production was done quickly and efficiently while also reducing errors. Made enough backstock for months.
- Saved time and increased efficiency drilling heavy steel parts. Always wearing proper safety equipment and sharpening drill bits when needed.
- Painting. And any other tasks my boss instructed.

EDUCATION

Certificate in Full Stack Web Development

University of Berkeley Extension   **Berkeley, CA**

Bilingual Mechanic / Electronic Technician High School Title

ITPA - Instituto Tecnologico Philips Argentina (Philips School)   **Buenos Aires, Argentina**
